We are greeting you as friends from the International Modern Arnis Federation of the Philippines (IMAFP!) and a member of Worldwide Family of Modern Arnis.

The Negros Occidental is the home province of Modern Arnis and is proud to be called the "Soil Birth of Modern Arnis". Professor Remy A. Presas, founder of the Modern Arnis, started it all in Negros Occidental. Today, Arnis attracts practitioners all over the world.

On July 23, 2012, the Philippines, through the WFMA will host the 4<sup>th</sup> Modern Arnis Memorial Camp in honor of our late Grand Master Remy A. Presas. It will be held in Mambukal Resort, Negros Occidental, Philippines. The training will introduce the depth of Modern Arnis Classics in connection of today's art the "Tapi - Tapi". Also, a Sports Arnis training will be conducted in preparation for the 2<sup>nd</sup> World Invitational Sports Arnis Tournament which will be held on July 28 and 29, in Bacolod City, a 30 minutes land drive away from the Resort.

Participation in these events will give your first line in rank students the privilege of attending the Seminar on the International Sports Arnis Rules and Regulation, and to experience the actual officiating as referee/judge in the tournament. International certificates shall be released after the tournament.

For us Modern Arnis Filipino, we share to our overseas brothers and sisters our individual expertise in classics form style which Prof. Remy A. Presas has taught us.

We need your early endorsement and advise on how many of you are coming, so we can arrange adequate hotel accommodation and schedule a tour to the beautiful spots in Negros Occidental Island, best known for its spectacular caves and wonderful mountains. Let us have fun while learning the "Roots of the Flow"!

Our organizing staff will not leave any stone unturned for this spectacular event. Please send us your comment soonest!

Looking forward to seeing you!
